

MORSKIE OKO LAKE IN TATRA NATIONAL PARK

"Morskie Oko" is a charming mountain lake, over 860 m long, 560 m wide and 50 m deep, surrounded by several peaks of the Tatra Mountains, including Rysy (2499 m) and Mięguszowiecki Summits. The peaks rise around 1000 meters from the lake level, which makes unforgettable impression of the stunning beauty of the place. In the clear water of the lake the visitor can easily notice trouts – a fish which is very sensitive to the environmental conditions.
